Dear Kent,

An investment in the lives of children, especially those children who need us most, is an investment in our own future. Our entire community will benefit from the recent donation of \$50,000 that Clays for Kids presented by BluSky Restoration Contractors, Inc. made to the Boys & Girls Clubs of Metro Denver so we may provide programs that inspire young people to reach their full potential as productive, responsible and caring citizens.

Because of your support, thousands of kids across our community have access to the safe, enriching and impactful environment of their Boys & Girls Club. As Club members, these young people benefit from the support of caring adults and programs that help them succeed in school and in life. From homework help to digital filmmaking to fitness classes, Club members benefit from a wide range of opportunities that expand their horizons while developing critical skills. By combining these programs with supportive relationships with caring and qualified staff and volunteers, kids develop self-confidence and self-esteem, learn rules and expectations, and are empowered to shape their own destinies.

We are grateful to BluSky Restoration Contractors, Inc. for being a visionary in our community and making the investment in a brighter tomorrow for all of us, starting today with the Boys & Girls Clubs.

Sincerely,

Erin Porteous
